

## **Quality Policy**

St. David's Assemblies Ltd (SDA) is committed to the principles, practices and requirements of ISO9001:2015, ISO13485 & UL820(GMP). The scope of our certification covers the manufacture of pressings, mouldings, assemblies of bi-metallic thermostats & cut outs and cordless interfaces and contract manufacturing.

We are committed to:

- Ensuring that we meet the requirements of our customers and all interested Parties to ensure they are fully satisfied with our products.
- Promoting the use of an Audited controlled environment, risk based thinking and continual improvement of the products, Processes, Services and Quality Management System.
- Working closely with Customers & Suppliers to develop and maintain first class Relationships.
- Ensuring the Quality Management System meets the needs and expectations of the Strategic business objectives and direction, whilst giving guidance and support to employees.
- Ensuring the quality Policy is understood and communicated at all levels within the organisation.
- Ensuring that we will meet regulatory compliance of medical devices.

Our overall objective is to achieve sustained profitable growth by providing products which continue to satisfy the needs and expectations of our customers. Our quality management system provides a framework for setting quality objectives, improving our overall business performance, supporting our company strategy and business plan, facilitating continual improvement and ensuring the fulfilment of our customers' and other applicable requirements.

Neil Barnes  
**Managing Director**

A handwritten signature in black ink that reads "Neil Barnes". The signature is written in a cursive, slightly stylized font.
